Twin Cities RISE! (TCR!) consolidates two Saint Paul sites, now offering all program services for Saint Paul residents at 633 University Avenue, Saint Paul. Twin Cities RISE!'s Minneapolis location will remain at 800 Washington Avenue North.

By moving its two Saint Paul locations into one expanded site, Twin Cities RISE! will reduce its expense base in a difficult economic year without diminishing its program offerings; a proactive step to continue to deliver a high quality, long-lasting program to the individuals who need it most.

As unemployment rates continue to climb, nonprofits are seeing an accelerated cycle of poverty resulting in increased demand for services. Twin Cities RISE! remains optimistic that we are well positioned to weather this economy and take full advantage once the recovery begins.

Twin Cities RISE! is a non-profit organization that focuses on training under- and unemployed individuals for placement in long-term living wage jobs where they earn at least \$20,000 annually plus opportunities for full benefits and advancement.
