“Now is the time to apply for your child’s Social Security card and number if you want to claim them as dependents on your tax return in 2011,” according to Rhonda Whitenack and Jim Czechowicz, Public Affairs Specialists for Social Security in Minneapolis.

In most cases, parents request a Social Security number for their child when applying for a birth certificate at the hospital. However, if you didn’t apply for the number at the hospital, you must apply at a Social Security office* or by mail. To do so you will need :

- A completed Application For A Social Security Card (Form SS-5);
- Original documents proving your child’s:
 - U.S. citizenship;
 - Age; and
 - Identity; and
- Original documents proving your identity.

After you apply, we will verify the child’s birth record and mail your child’s Social Security card to you. To learn more, read our online publication, Social Security Numbers For Children, at www.socialsecurity.gov/pubs/10023.html

*If you live or receive mail in Anoka, Hennepin, Ramsey, Dakota, Washington, Scott, Carver, Isanti, or Chisago counties, you must apply in-person or by mail at the Greater Twin Cities Metropolitan Area Social Security Card Center for an original or replacement Social Security card. The card center is located at: 1811 Chicago Avenue South, Minneapolis MN 55404
NOTE: If you are age 12 or older and have never received a Social Security number, you must apply in person.

If you do not live or receive mail in the counties mentioned above, you can mail or take your Social Security card application and original documents to your local Social Security office. For more information: <http://www.socialsecurity.gov/ssnumber/>
