The National Alliance on Mental Illness (NAMI) of Minnesota presented Edward Posey, M.D. psychiatrist for NorthPoint Health & Wellness Center of Minneapolis, with its Professional of the Year Award at its Annual Conference, held Nov. 7 in Bloomington. Dr. Posey has served North Minneapolis and Hennepin County in the capacity of Adult Consulting Psychiatrist for over forty years.

“He is a pioneer in the field and has done so much to address the mental health needs of African Americans, including providing interviews with the Spokesman Recorder about the barriers to seeking mental health care,” said NAMI’s executive director Sue Abderholden. “NAMI learned that he will be retiring soon and wanted to take this opportunity to thank him for his incredible commitment to delivering psychiatric care.” NorthPoint also recently honored Dr. Posey with a retirement celebration on October 26, 2009.
