---

As Fremont Community Clinics celebrates its 40th Anniversary, it's also looking to the future with a change of the organization name to Neighborhood HealthSource. The change was announced recently at Fremont's 40th Anniversary Gala at Target Field. The three clinic names will remain the same and the focus will continue to be on the vital services each provides to its surrounding neighborhoods.

According to Executive Director Steve Knutson, "Fremont is changing its organization name to better reflect what it provides, not just the high quality medical services at our clinics, but also through various outreach programs in the communities and partnerships with other local non-profits and service providers to improve the health in our neighborhoods."

For 40 years now, Fremont has provided affordable and accessible health care to all. Knutson says that mission won't change. "We will continue to ensure that our patients have access to high quality health services-regardless of the
