Minnesota Department of Commerce Commissioner Mike Rothman has been appointed to the Federal Legislation Committee of the North American Securities Administrators Association (NASAA). This position will provide Commissioner Rothman the opportunity to weigh in on NASAA'S national pro-investor legislative agenda.

"It is an honor to serve on NASAA's Federal Legislation Committee on behalf of Minnesota," said Commissioner Mike Rothman. "We will be a strong voice for a national pro-investor legislative agenda. Main street investors need an advocate to help everyday Minnesotans gain a level playing field."

The Federal Legislative Committee is a special committee of NASAA's Board of Directors tasked with proposing and preparing the legislative agenda for NASAA. Committee members are responsible for analyzing federal legislation, drafting statutory amendments and testimony, and responding to congressional requests for information.

The Federal Legislation Committee is comprised of representatives from six other states. The committee members are:

- Steve Irwin (Committee Chair), Commissioner of the Pennsylvania Department of Banking and Securities
- Gina Gombar, Attorney for the Secretary of the Commonwealth of Massachusetts
- Miranda LeKander, Attorney for the California Department of Corporations

National Association of Securities

Organized in 1919, the North American Securities Administrators Association (NASAA) is the oldest international organization devoted to investor protection. NASAA is a voluntary association whose membership consists of 67 state, provincial, and territorial securities administrators in the 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Canada, and Mexico.

In the United States, NASAA is the voice of state securities agencies responsible for efficient capital formation and grass-roots investor protection. Their fundamental mission is protecting consumers who purchase securities or investment advice, and their jurisdiction extends to a wide variety of issuers and intermediaries who offer and sell securities to the public.
